

SMALL-CAR CAFE RELIEF

JSW MG, TaMo escalate dispute to PMO

DEEPAK PATEL
New Delhi, 17 December

A prolonged standoff within the auto industry over proposed small-car relief under the upcoming CAFE-III emission norms has now reached the Prime Minister’s Office (PMO), with JSW MG Motor and Tata Motors Passenger Vehicles (TMPV) escalating the issue, *Business Standard* has learnt.

In two separate letters to the PMO earlier this week, the carmakers argued that creating, and then granting relief to a new subclass of small petrol cars based on weight would undermine the national mission for electric vehicle (EV) adoption, adversely affect road safety, and be unfair to companies that have made long-term investments based on the existing definition of small cars, which is linked to vehicle length (under four metres) and engine capacity (under 1,200 cc for petrol). They also said the move would effectively benefit a single carmaker.

The Corporate Average Fuel Efficiency (CAFE) framework sets fleet-wide carbon dioxide emission targets for automakers, measured in grams per kilometre (g/km), with non-compliance attracting penalties from the Bureau of Energy Efficiency (BEE) under the Ministry of Power.

The BEE released the first draft of the CAFE-III norms, covering the FY28-FY32 period, in June 2024. The Society of Indian Automobile Manufacturers (SIAM) submitted its comments in December 2024 seeking changes. Months later, Maruti Suzuki, India’s largest carmaker and small-car seller, inde-

Govt incentives must for EVs, not hybrids: House panel

The Centre’s incentives must be directed at electric vehicles (EVs) rather than hybrid cars, as the latter fundamentally depend on fossil fuels and continue to emit tailpipe pollutants unlike “true zero-emission vehicles”, a parliamentary standing committee stated in a report tabled in the Rajya Sabha on December 12.

The recommendation comes amid a clear divide in the auto industry, with companies like Toyota and Maruti Suzuki pushing for support for strong hybrids, while domestic EV leaders Tata Motors and Mahindra & Mahindra insist incentives should be reserved for EVs. The parliamentary standing committee — headed by BJP Rajya Sabha MP Bhubanes-

war Kalita — said higher ethanol blends raise concerns for older vehicles, as they lack advanced systems to handle such fuels and may suffer mechanical damage and higher emissions.

“While ethanol blending may form part of a transitional energy strategy, it should not inadvertently divert policy focus or fiscal support from the paramount objective of transitioning to a zero-tailpipe-emission vehicle fleet,” it stated. The committee stated that the government’s production-linked incentives, purchase subsidies, and tax benefits must be “strategically” focused on accelerating the adoption of “genuine” zero-emission vehicles like battery EVs and fuel cell EVs.

2030. EV penetration in cars has already reached 5 per cent, they noted, and India could become one of the leading makers and users of zero-emission vehicles if there is “continued” policy stability and focus. TMPV, JSW MG and the PMO did not immediately respond to *Business Standard’s* requests for comment.

TMPV, in its letter, said: “The proposed weight threshold threatens to upset the level playing field by defining the threshold where a single OEM (original equipment manufacturer) has 95 per cent market share. Such a move will also be unfair for all the OEMs who have been making products as per the nearly two-decade-old categorisation of small cars, which is based solely on vehicle length (less than 4 metres) and engine size (less than 1,200cc for petrol).”

Under the GST regime, small petrol cars with an engine capacity of up to 1,200 cc and a length of up to four metres are taxed at 18 per cent, while all other petrol cars attract 40 per cent.

Raising a similar concern, JSW MG said the industry’s investments, product strategies and localisation efforts have evolved around this “consistent” definition, which has been in place for about two decades. “Introduc-

ing an additional criterion based on vehicle weight may have implications for regulatory consistency and the offering of a level playing field across manufacturers where a single OEM has 95 per cent market share,” it added.

On December 1, Rahul Bharti, senior executive officer (corporate affairs) at Maruti Suzuki India, said cars weighing less than 909 kg might have to be discontinued if the upcoming CAFE-III carbon dioxide targets are “unscientific and unjust”. He said the 3 g/km benefit for small cars under the revised draft was minimal compared with incentives for electric vehicles and strong hybrids, and far lower than relaxations offered in regions such as Europe, where the allowance goes up to 18 g/km.

In their letters to the PMO earlier this week, JSW MG and TMPV also warned that relaxations based on vehicle weight may inadvertently incentivise manufacturers to reduce weight at the cost of essential safety features.

TMPV said this could undo hard-won progress in vehicle safety over recent years. “It is a fact that there are no BNCAP-rated vehicles at or below the proposed weight threshold (909 kg),” it said. BNCAP (Bharat New Car Assessment Programme) is India’s official vehicle safety rating system, which evaluates cars on parameters including adult and child occupant protection, pedestrian protection and safety assist technologies. Carmakers must voluntarily submit vehicles for assessment, after which they are awarded a star rating reflecting safety performance. Weight is closely linked to safety because many features that enhance protection — such as stronger body structures, side-impact beams, larger crumple zones and additional airbags — add to a vehicle’s overall mass.

GPay plans to add more co-branded card issuers

AJINKYA KAWALE
Mumbai, 17 December

Fintech firm Google Pay is planning to scale up its category of cobranded credit cards in partnership with multiple issuers starting with Axis Bank on the RuPay network.

The company launched its first ever Google Pay Axis Bank Flex credit card on Wednesday marking its foray in the space. The card, operated on the National Payments Corporation of India’s (NPCI) RuPay network, will allow users to link this card with Unified Payments Interface (UPI). Apart from Axis Bank, the company plans to add more credit card issuers in the future to serve multiple markets.

“We’re starting with one bank that is Axis (Bank), but we are adding issuers as we go along. The reason is that different ones will serve different markets,” Sharrath Bulusu, Senior Director - Product Management, Google Pay, told *Business Standard*.

He added that the company planned to partner with banks with a view to access coverage to their user base. “We choose the partners so that we get that coverage over time across all of our user base. The end goal is to build a complete ecosystem from every kind of need the user has and for every kind of user. As long as the user is deserving of credit, we should be able to get them back,” Bulusu explained.

The launch of the Flex co-branded card comes at a time when multiple UPI apps have launched their versions of credit cards.

PhonePe launched co-branded credit cards with SBI Card and HDFC Bank this year. Cred rolled out an IndusInd co-branded credit card whereas fintech super.money has co-branded credit card partnerships with Axis Bank, Utkarsh Small Finance Bank, and Kotak Mahindra Bank. Credit-on-UPI fintech Kiwi has a co-branded partnership with AU Small Finance Bank and Yes Bank.

Amazon Pay brings UPI biometric authentication

Amazon Pay on Wednesday introduced biometric authentication for Unified Payments Interface (UPI) transactions in India, which will allow customers to approve payments using a fingerprint or facial scan, eliminating the need to enter a PIN.

The new biometric authentication capability eliminates the need for UPI PIN entry for transactions up to ₹5,000. Early adoption indicators show strong customer preference for the experience, with over 90 per cent of customers choosing biometrics for eligible peer-to-peer UPI transactions. The payment service provider said this innovation significantly reduces friction making payments faster, more intuitive, and secure as biometric authentication is bound to the customer’s device and not shareable. “Our goal has always been to make digital payments convenient and secure. With UPI Biometric Authentication, we’re removing one more layer of friction from everyday payments and making them 2X faster,” said Girish Krishnan, director of payments, Amazon India.

Use 1600-series by Feb 15: Trai to insurers

Indian telecom regulator has asked entities in the insurance sector to start using 1600 number series by mid-February 2026 for making service and transactional calls to the consumers.

Entities that fall under the ambit of the Insurance Regulatory and Development Authority of India (Irdai) will have time till February 15 2025 to comply. The directions aim to curb spam, financial frauds, and digital arrests through voice calls, and reduce the risk of fraudulent or misleading calls being made in the guise of trusted financial institutions.

The direction is part of the set of earlier directions issued on November 19 to financial entities regulated by the RBI, Sebi, and PFRDA for identification of their service and transaction calls, to use the 1600 number series beginning 2026.

“Based on Trai’s interactions with stakeholders, it was considered that time is now ripe to mandate time-bound completion of the exercise so that entities continuing to use standard 10-digit numbers for service and transactional calls, also shift to 1600 series numbers,” the regulator said on Wednesday.

Trai added that consequent to its efforts, about 570 entities have already adopted 1600 series numbers, subscribing to a total of over 3000 numbers.

TCS annualised AI revenue at \$1.5 bn: CEO

AVIK DAS
Bengaluru, 17 December

Tata Consultancy Services (TCS) said its annualised revenue from artificial intelligence (AI) was about \$1.5 billion and growing 16.3 per cent sequentially, the first time that India’s largest (Information Technology) IT services company disclosed a metric as investors are keen to know the returns on investment (RoI) when firms are pouring in billions into the ecosystem.

As of March this year, the total revenue of TCS was \$30.2 billion.

Indian IT companies have said AI is a part of every deal discussion and it is baked into renewals to improve efficiency and productivity for clients. However, they have not been forthcoming in disclosing the revenue generated from the latest technology that is expected to upend business process and productivity.

“We are trying to help accelerate AI adoption in customers, adapt AI at scale, and anchor AI in their strategy and business value. AI is a lever that has to be embedded in strategy, else it will not give any value,” Chief Executive Officer (CEO) K Krithivasan said at the company’s analyst day.

TCS is engaged in more than 5,000 engagements till date and 54 of its top 60 clients, who generate annual revenue of more than \$100 million, have some AI projects with it. Around 85 per cent of the customers, who provide revenue of over \$20 million, use TCS AI solutions.

Smaller rival HCL Tech said in October that its revenue from advance AI is now more than \$100 million, representing three per cent of its top line, becoming the first Indian IT services company to come out with that metric. Accenture, on the other hand, regularly makes its revenue public and deal pipeline from generative AI (Gen AI). For the financial year ending August 31, Accenture’s advanced AI

TCS CEO K KRITHIVASAN CALLS AI A LEVER THAT HAS TO BE EMBEDDED IN STRATEGY, ELSE IT WILL NOT GIVE ANY VALUE

revenue tripled to \$2.7 billion, while Gen AI bookings nearly doubled to \$5.9 billion, showing significant growth driven by enterprise demand for AI adoption.

And yet, companies are struggling for the right adoption of AI because of the quality of data within an enterprise. While ChatGPT exploded in the scene three years ago, and people have used it and other tools to simplify routine work, enterprises are finding it difficult to realise meaningful returns on their AI investments.

“There is an RoI uncertainty. We can do few projects as experimentation, few proof of concepts (PoCs) but enterprises have to get the RoI benefits and that is the kind of projects we do, based on years of customer experience and moving up the value chain,” Krithivasan added. TCS is also training its sales and presales personnel in AI skills with 180,000 employees having higher coding skills. “We are driving an AI-first culture for every project, which means what one can do with AI here even if it cannibalises our revenue. It is giving AI the first right of refusal.”

CORRIGENDUM TO FORM G
INVITATION FOR EXPRESSION OF INTEREST FOR
GUPTA POWER INFRASTRUCTURE LIMITED

(Under Regulation 36A (1) of the Insolvency and Bankruptcy (Insolvency Resolution Process for Corporate Persons) Regulations, 2016

This is with reference to the Form G dated 25/11/2025 and Corrigendum to Form G dated 11/12/2025 issued in accordance with Insolvency and Bankruptcy Code, 2016 and Insolvency and Bankruptcy (Insolvency Resolution Process for Corporate Persons) Regulations, 2016, the last date of receipt of Expression of Interest stands extended for 10(ten) days, accordingly revised dates for events subsequent to issuance of Form G and IEoI are as follows:

Sl.	RELEVANT PARTICULARS	TIMELINES
10.	Last date for receipt of expression of interest	27 th December, 2025 (Extended from 17 th December, 2025)
11.	Date of issue of the provisional list of prospective resolution applicants	06 th January, 2026 (Extended from 27 th December, 2025)
12.	Last date for submission of objections to provisional list applicants	12 th January, 2026 (Extended from 02 nd January, 2026)
13.	Date of issue of final list of prospective resolution applicants	17 th January, 2026 (Extended from 07 th January, 2026)
14.	Date of issue of information memorandum, evaluation matrix and request for resolution plans to prospective resolution applicants	20 th January, 2026 (Extended from 10 th January, 2026)
15.	Last date for submission of resolution plans	20 th February, 2026 (Extended from 10 th February, 2026)
16.	Process email ID to submit EOI	ip.guptapower@gmail.com

Note: The other contents and the terms of the Form G dated 25/11/2025 shall remain same.

NOTICE - SPECIAL WINDOW FOR RE-LODGE MENT OF PHYSICAL SHARE TRANSFER REQUESTS

This is in continuation to our newspaper notice published on August 01, 2025, and October 14, 2025 regarding the opening of the special window for re-lodgement of transfer requests as per SEBI Circular No. SEBI/HO/MIRSD/ MIRSD-PoD/PI/CIR/2025/97 dated July 02, 2025 titled "Ease of doing Investment - Special Window for Re-lodgement of Transfer Requests of physical shares" and as a part of ongoing bi-monthly communications, Shareholders are once again informed that the Company has opened a special window for a period of six months from July 07, 2025 to January 06, 2026 for facilitating re-lodgement of share transfer deeds, which were originally submitted on or before April 01, 2019 but were rejected/returned/not attended to, due to deficiency in the documents/ process or otherwise.

The Shareholders who wish to re-lodge their documents for transfer of shares are requested to contact the Company's Registrar and Share Transfer Agent ("RTA") as under:

MUFG Intime India Private Limited
(formerly known as Link Intime India Private Limited)
(Unit: KEC International Limited)
C-101, Embassy 247, LBS Marg, Vikhroli (West), Mumbai-400083
Tel No.: +91 8108116767
Email: investorhelpdesk@in.mpgs.mufg.com
Website: <https://in.mpgs.mufg.com>

The lodger must have a demat account and provide its Client Master List along with the transfer documents and share certificates, while re-lodging the documents for transfer with Company's RTA.

The shares that are re-lodged for transfer (including those requests that are pending with the Company/ RTA, as on date) shall be issued in demat mode only, subject to successful verification.

Shareholders are encouraged to take advantage of this special window introduced in the interest of investors.

For more details, please refer to the SEBI circular at www.sebi.gov.in or contact the Company's RTA.
